- 4. National Waste Management Plan 2016-2022**

PRESENTATION OUTLINE

- 1. Performance of social enterprises in Spain**
2. Law 22/2011 on waste and contaminated soils
3. Royal Decree 110/2015 on WEEE
4. National Waste Management Plan 2016-2022

According to data from the Subdirectorate of Foresight and Analysis of the Ministry of Agriculture, Food and Environment:

The waste sector is the largest green employment driver in Spain: **27%** of total green jobs.

In the Green Employment Project 2007-2013, **preparing for re-use of WEEE was estimated to create more than 4,700 direct jobs.**

- Well experienced Centres for preparing for re-use of WEEE.
- Authorized as WEEE treatment operators by regional governments. (Social enterprises).
- Growing and mature sector that needs to be regulated state-wide.
- Since 2012 AERESS and other operators have been working on specific standards for preparing for reuse.

PRESENTATION OUTLINE

1. Performance of social enterprises in Spain
- 2. Law 22/2011, on waste and contaminated soils**
3. Royal Decree 110/2015 on WEEE
4. National Waste Management Plan 2016-2022

Article 17 (article 15 WFD)

Waste producer or other holder, in order to ensure the treatment of waste, is obliged:

- to treat the waste by himself
- to handle the treatment to a dealer or an establishment or undertaking which carries out waste treatment operations , registered according to the law or
- to deliver waste to a private or public waste collector, including social enterprises, for the treatment.

Annex IV (prevention measures): Measures that can affect the consumption and use phase

16. The promotion of the reuse and/or repair of appropriate discarded products or of their components, notably through the use of educational, economic, logistic or other measures such as support to or establishment of accredited repair and reuse-centres and networks especially in densely populated regions or where they don't exist. It must be put special attention to promote that social enterprises manage that centres.

PRESENTATION OUTLINE

1. Performance of social enterprises in Spain
2. Law 22/2011, on waste and contaminated soils
- 3. Royal Decree 110/2015 on WEEE**
4. National Waste Management Plan 2016-2022
